MEMORANDUM FOR: Deputy Director for Administration

FROM: Daniel C. King
Director of Logistics

SUBJECT: Report of Significant Logistics Activities for
Period Ending 7 June 1984

1. Progress Report on Tasks Assigned by the DCI/DDCI:No tasks assigned during this reporting period. 2. Items or Events of Major Interest that have Occurred
During the Preceding Week:

a. Meeting with General Services Administration (GSA)
Representatives: On 6 June, the Director of Logistics and the
Executive Officer, OL, met with a number of GSA personnel from
the Central and Regional offices to discuss the implementation
details regarding the delegation from GSA for M&O. It was
agreed that we will continue to negotiate this document but
that these negotiations should be finalized within the near
future.

b. Logistics Integrated Management System (LIMS):
The Critical Design Review for work package one of the LIMS
project will take place during the period 12-15 June. A total
of fifty invitations were sent to representatives from OL, OF
and the OIG/Audit Staff. In addition, a number of ODP
representatives will attend this Review.

c. World Factbook Printing: The Printing and
Photography Division, OL, is in the final stages of completing
work on the 1984 unclassified version of the World Factbook.
By most printing job standards, this book is considered to be
a major printing production requiring over 17,000 copies
comprised of approximately 220 pages and 14 full color
reference maps. The World Factbook has been in the printing
production cycle for almost four months. Completion is
planned for two weeks.

i. North and South Parking Lots: On 2 and 3 June, personnel from HOME/OL installed eight new signposts, removed 13 existing signposts, relocated 36 signs, and blacked out the 24 two-wheel vehicle spaces in G and H lanes, South Lot, to gain 35 additional parking spaces in the North and South Lots. Nineteen spaces were striped for two-wheel vehicles in E and F lanes of South Lot in an area near the fence which could not accommodate automobile parking. In addition, 349 parking spaces were renumbered. Except for the spaces in B lane, which had vehicles parked and blocking the area where the numbers would be painted, spaces in North Lot have been completely renumbered. []

j. Solicitation For System Architectural Design and Feasibility Study: A Request For Proposal (RFP) was issued on 11 May 1984 to 17 vendors in order to contract for a 7-month study to determine if the current Office of Data Processing (ODP) architecture is suitable. The present ODP configurations (systems) are very large and complex and support many Agency programs. This study will examine current ODP systems for adequacy of design; evaluate the current systems for growth potential and suitability for incorporating new technology; and review future requirements and assess the feasibility of meeting them with the current system architecture. k. Ames, Key, Chamber of Commerce Buildings Parking Access Controls: On 1 June 1984, representatives of Real Estate and Construction Division (RECD), OL, and the Office of the Associate General Counsel for Logistics & Procurement Law Division, (L&PLD), OGC, met with the lessors of the Key Building regarding the lease terms and conditions. Several minor issues remain to be resolved, and the attorneys for the Charles E. Smith Management Company and Mr. Jim Harris of L&PLD will resolve these issues. On 1 June, the three sites were surveyed by the contractor who will install the total security package.

The Lessors [] are reviewing the Agency's proposed lease package for the garage. Several adjustments have been requested and discussions are continuing on this lease. Our intention is to negotiate a lease for the balance of the fiscal year, with options to renew in corresponding fiscal years. []
